VOL. XIV

SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CAL., SATURDAY, JUNE 22, 1907.

NO. 25

ANOTHER BOOST FOR THE FOURTH OF JULY

South City Carpenters' Union Has Given Twenty-five Dollars to the Celebration Fund.

A Very Enthusiastic Meeting and Banquet Was Held Last Monday Evening. Interspersed With Patriotic Speeches and the Initiation of Seven New Members.

Carpenters' Union 1368 met on Monday evening in Rollin's Hall with an extra large attendance. The meeting was specially called to discuss the forthcoming high jinks to celebrate the greatest of our National holidays.

Meeting was called to order by Vice-President Tracie at 8 sharp and after the initiation of seven new members the discussion of plans for the Fourth came up. I. E. Rollins led off with a bunch of lingual pryotechnics which were soul-stirring and received with uproarious applause, continuing for some time after he had taken his seat. He was followed by Fred DuBois, who gave a strong, logical talk on the duty of citizenship at all times and especially at this time, when the heart of every patriotic citizen swells with pride in thinking of his own, his native land. His talk was well received. Considerable discussion on the subject of a float in the parade resulted in the decision that the Carpenters' Union would not attempt anything in that line. The main speech of the evening was delivered by Bert Rollins, who, still crippled from the accident with the motoreyle in San Mateo last week, forgot his injuries in the hot flow of patriotic lava which he poured forth.

After a most impassioned appeal to the assemblage to "Remember all the day commemorates, remember that the civic reputation of South San Francisco is at stake, remember that the reputation for patriotism of the two hundred and fifty thousand union carpenters in the United States is in our hands and the trust must not be betrayed, remember that what we do on this occasion will redound to the credit of our country, of our State and last but not least to the credit of the union carpenters of this, the future Capital of California. Now, brothers if we never had a cold this is the time to cough, whether we have a shovel or not we must dig, if there isn't a joint in us we must loosen up, and even if we haven't a Ruef over our heads we must give what we can to this fund for the celebration of the greatest day in the history of our country." (Long continued applause).

A motion to donate \$25.00 to the general celebration fund was passed unanimously.

A further motion to donate the labor in erecting the grand stand for the speakers and band at the Park, was also carried by a unanimous vote.

The meeting then adjourned to the large and commodious banquet hall in the rear of the assembly room, where the tables were laden with good things to delight the inner man. The attack on the cold roast chicken, sandwiches, pies, cakes of many kinds, nuts and fruits with unlimited soda water and cigars lasted until nearly midnight, when the members, after singing "The Star Spangled Banner," went their several ways.

J. L. Debenedetti to Wed.

Cards are out announcing the marriage of John L. Debenedetti to Miss Rose Cune, of San Mateo. The ceremony will take place at the Catholic Church at San Mateo, Archbishop Reardon officiating. The honeymoon will be spent in the south.

HUSTLING VISITACION STRICTLY ON MAP

Building is Going On Very Rapidly In That Progressive Section-The New Cut-off Road Will Soon Be In Shape for Traffic Purposes.

A representative of the ENTERPRISE visited Visitacion, in the Bay Shore District, on Wednesday. Through the kindness of H. L. Diehl, of the Bay Shore Real Estate Co., the ENTERPRISE man met most of the progressive business men of that district. There is lots of building going on in that section, and when the Bay Shore Cut-off line is completed and running, great results are expected. The Southern Pacific Company has large numbers of men ballasting the roadbed and making a number of fills on which to erect the shops that are necessary. Jovial "Pop" Blanken was at his best in making the ENTERPRISE man feel at home. A beautiful sight can be seen at his place. Hundreds of pigeons are on the premises, and at feeding time one is very much interested in watching them. "Pop," we will come and see you again.

"CONFUSION" AT METROPOLITAN HALL

Comical Comedy Will Be Presented With Splendid Cast of Characters.

Considerable interest has been occasioned in South City of late on account of the pretty little comedy, which will be presented this evening at Metropolitan Hall, by local talent, entitled "Confusion." The cast of characters has been selected with care and every preparation made to stage the play in a thorough manner. There have been numerous rehearsals, the one last evening being a complete dress affair. "Confusion" is such a thorough mix-up that a brief synopsis of the play may be of interest in following the plot. The possibility of trouble really begins when James and Maria, who are husband and wife, decide to apply, as single persons, for the positions of butler and maid at Jersey Lodge, where a house party is being entertained. Naturally they leave their baby in the care of friends when they acquire their coveted positions on the ground of their unincumbered estate. The mistress of Jersey Lodge, as the dead coldness of a waning honeymoon creeps on apace, bethinks herself of the solace and comfort to be had in just a mere pup of a dog. This idea of the good lady meets with active antagonism from the master of the household. But Rose finds an accomplice in her aged and ardent uncle, who undertakes to procure the dog. This same gay uncle has designs on Miss Lucretia, which decidedly meets with the approval of the spinster. Everything would have gone well with James and Maria, but the baby is declared to be sick by the friends. Letters and telegrams are sent but reach the wrong people, and so ambiguous are they that confusion reigns. To see the tangled skein unravelled is well worth one's while.

You will know Christopher Blizzard by his blase air and snow-white hair and faculty of butting into trouble. Yet he is not as bad as he makes himself out to be and in spite of his soft and designing heart he triumphs over all adversities and gains the heart and hand and Russian bonds of Miss Lucretia. You will know Miss Lucretia by her conservatism in dress and the withering wrath of her indignation. You will know Muzzle by his screaming head-piece and mellow brogue. Indeed you will readily identify each character that contributes to the carnival of mistakes if you treat yourself to "Confusion" to-night.

CLEAN YOUR PREMISES LOOK OUT FOR FIRE

A Lawn and Flower Garden Add 100 Per Cent. to the Beauty and Value of a Home.

Dull Times? No! There Is No Such Thing Possible—This Town Is Alive; It Is Growing; Everybody Is Busy; Wages Are Good; Times Are Good.

"Buy a lot and build a home." This advice is like unto that of Horace Greeley, when he said, "Go West, young man, and grow up with the country." It is good advice. The man who acts on it will never regret his action. Land is no longer abundant, cheap and begging a buyer. It is growing scarcer and dearer with every decade. A little land is enough for any man. A lot large enough for a house, a garden and a bit of green grass is twice as good as an acre or a hundred or a thousand acres. But land is the one essential. To own it means independence. It means comfort. It means contentment and happiness.

Get a lot. Build and own a home. Get rid of that nightmare of the poor working man, the monthly rent tax. Here in this town is the place. Here on the great highway of travel. Here where there is work for everyone. Where a man can live because he can always earn the money with which to live.

MISS MINER IS A JUNE BRIDE

Popular Young Lady of This City is Joined in Wedlock to Edmond Gros de Mange of San Francisco.

Another joined the ranks of the June brides Thursday when Miss Josephine M. Miner, a popular girl of this city and granddaughter of one of the first settlers here, became the wife of Edmond Gros de Mange of San Francisco.

The affair was one of the prettiest celebrated here in some time and was held at the home of the parents of the bride, Mr. and Mrs. Frank Miner. Gowned in a simple dress of white silk mull and carrying a large bouquet of American Beauty roses, the bride was given away by her father in the drawing room of her home.

The young people are well known here. The bride is a granddaughter of D. O. Daggett, one of the first settlers of this county, and has spent her life here. She is an elocutionist of marked ability and popular with the younger set. The groom is a young San Franciscan and occupies an influential position with the W. P. Fuller paint company.

The ceremony took place at 2 o'clock, performed by Rev. Robert Craig. Miss Eleanor Coll was bridesmaid and Albert Craige best man. Only intimate friends and relatives were present.

The couple left for Santa Cruz, where they will spend their honeymoon, returning to reside in San Francisco.

Notice.

Parties having subscribed to Fourth of July fund are requested to make their payments to Thomas Connelly, treasurer, on or before June 24th, as it is the desire of the committee to pay cash for everything they contract for. No collector will be sent around, as all members of the committee are working gratuitously. We trust that all will co-operate and make the work of the committee as easy as possible.

Rock temples at Ipsampool on the Nile are believed to be the world's oldest architectural ruins.

MISS ETTA NAUMANN EXTENDS APPRECIATION

She Accepts With Pleasure the Trip and Week's Vacation at El Carmelo Hotel at Pacific Grove Given By Enterprise in Popular Teacher's Contest.

The following note of acceptance received at this office from Miss Etta Naumann, the winner of a trip to Pacific Grove, with a week's vacation at the El Carmelo Hotel, which is given by the ENTERPRISE to the most popular teacher in San Mateo County, is self-explanatory:

"I accept with pleasure the offer of a week's vacation at Hotel El Carmelo extended by the ENTERPRISE and which was made possible by the kindly interest of my friends. I take this means of thanking all those who supported me in the recent contest and I know I shall have as much enjoyment in taking the trip as they had in securing it for me.

"ETTA L. NAUMANN."

CELEBRATION WILL BE A SUCCESS

Extensive Preparations Are Being Perfected to Bring Hundreds of People to South City.

The Fourth of July celebration that is to take place in South City will mark an important event in the history of San Mateo county. It is expected that hundreds of people from San Francisco and surrounding towns in this county will be present. The celebration will be given under the auspices of the fraternal societies of South City, and the committee that is attending to the arrangements has been working hard to make the affair a grand success and deserves the hearty commendation of all our people for the gratuitous duty it is performing. The amount of advertising that this locality will receive at the hands of our visitors will redound to its credit tenfold. All residents of South City should do everything in their power to aid the committee in making this celebration the best that has occurred in San Mateo county.

The committee reports that Judge G. H. Buck and Hon. J. J. Bullock will be here on this occasion.

Adolph Jacobs is in receipt of another letter from Wm. G. Shanley in which he states that the Bivolopus is thriving and will positively be shipped to arrive here in time for the Fourth of July celebration.

Pete Lind is out after that \$20, and is willing to take a chance. He wants all of the eligible young ladies in town to leave their names at his shop and have a name drawn in the same manner that the Goddess of Liberty was chosen. He is willing to accept his fate, as he says that he is getting darn tired of darning his own socks.

The float representing the States will be in the form of a ship of state and will be an elaborate affair. The rivalry between the different fraternal societies to pluck the persimmon for the float is growing keen. All of the horses in town have been engaged, and the turnout promises to be one that will well be worth coming miles to see.

The fortune-telling and palmistry booth promises to be one of the main attractions of the Fourth of July carnival. A talented and prepossessing young lady has been engaged. The admission will be ten cents and there is no doubt that all of the young lswains will hover around this particular attraction in an endeavor to get to hold her hand.

BALL HELD TO ANSWER BY JUDGE M'SWEENEY

He Must Appear Before the Superior Court for Trial on the Charge of Rape.

Admitted to Bail in Sum of \$10,000, Which He Has Been Unable to Furnish Up to Time of This Paper Going to Press.

John Ball, who is accused of committing rape upon the person of Fannie Monize, appeared before Township Justice A. McSweeney at 1 p. m. last Tuesday for preliminary examination. District Attorney Joseph Bullock was present as prosecuting officer on behalf of the people, and James H. Creeley, of San Francisco, was the attorney for the defendant.

After Court was called to order the first witness sworn was Antonio Monize, the father of the plaintiff, who testified as follows, through an interpreter: Said his name was Antonio Monize; has resided at Baden for four years; his family is composed of himself and wife and seven children; the plaintiff, Fannie, is his daughter; has two other daughters; Fannie will be 16 years old the 22d of next month; the next younger daughter, Rosie, is about 13 years old, not sure.

The District Attorney at this point offered in evidence an abstract of the baptismal record on file at the Catholic Parish Church, at Santa Clara, showing that Fannie Monize was born July 22, 1891.

The witness was asked if that record was correct, and answered yes.

The plaintiff, Fannie Monize, after being sworn, testified as follows: Said she would be 16 years old on the 22d of next month; worked under Ball's management about two months; was assaulted by Ball on the 9th of February last about 3 o'clock in the afternoon; worked under Ball about a month and a half before being assaulted; the relations continued several times during a period of two weeks, until the Saturday before she left the employ of Ball; was forcibly assaulted; did not cry out or struggle.

Carrie Kaczmarek was the next witness, who testified that she knew both Ball and Miss Monize; has known them for a long time; saw them together about three times, once in an apparently compromising position.

At this point both the attorneys for the defense and prosecution rested and submitted the case to Judge McSweeney without argument, who held the defendant to answer before the Superior Court, with bail set at \$10,000.

Up to the time of this paper going to press bail had not been furnished.

We wish to extend our thanks to our many friends who so kindly assisted us in our late bereavement. WM. OLSON, MRS. ROGERS AND SISTERS. j22-1t

ITEMS OF INTEREST
FROM HALF MOON BAY

County Clerk Jos. H. Nash was over from Redwood City Tuesday.

W. A. Moore has established a regular freight line between Pescadero and Half Moon Bay.

Miss Etta M. Tilton, formerly Superintendent of Schools of this county, is now located at Carmel, Monterey county.

Supervisor and Mrs. D. E. Blackburn, of Pescadero, were called to Paso Robles last week to attend the funeral of Mr. Blackburn's sister, who died in Arizona.

A large whale and a sword fish were seen in mortal combat off Sea Lion Rock Thursday afternoon. The fish could be seen striking at the whale and the latter would flip its tail as though in great agony.

It will be hay time next week on the coast side. Our crop is always a few weeks behind that of the other side of the range, but it has proved a fortunate thing this year owing to the June showers.

Dennison H. Clift, a student at the Stanford University, who resided in Half Moon Bay last summer, is the author of an excellent story, which appeared in a recent issue of the Youths' Companion, entitled "Down the Madera Flume."—Coast Advocate.

ASTONISHING, BUT TRUE.

Twenty-five years ago you could not: Telephone a friend.
Ride on the trolley cars.
Cool the rooms in hot weather with an electric fan.

Turn on the common electric light.
Send a wireless message to relatives on shipboard.

Set your watch by an electric clock.
Purchase an electric automobile.

Walk in safety in the city streets in the glare of arc lamps.

Cook by electricity.

Ride behind an electric locomotive.
Do the family ironing out of doors without fire.

Drive all machinery with motors.
Live in a house without a chimney.
Keep warm by electric heat.

Develop out-of-the-way water power and transmit that power to the cities.
Ride on an electric elevator.

Take an electric massage or listen to an electric phonograph.
Listen to the tellharmonium.

PROPOSES NEW FERRY.

In furtherance of its plans to have a ferry system from the foot of Twenty-fifth street, San Francisco, to Oakland the Mission Promotion Association has appointed a committee consisting of George L. Center, James Rolph, Jr., Matthew I. Sullivan, Eustace Cullinan and P. T. Andrews to request the board of harbor commissioners to spend part of the \$2,000,000 harbor improvement fund at its disposal in the southern portion of the city.

Fourth of July.

All patriotic citizens who have saddle horses are requested to act as aids to the Grand Marshal on the Fourth of July. Those who desire to do so may leave their names with Grand Marshal E. W. Langenbach. j8tf

FOURTH OF JULY DECORATIONS

Be sure and go to W. C. Schneider's early for your Fourth of July decorations. He has an extensive supply of bunting, festooning, flags and decorations suitable for the occasion on hand. First comers will have a large assortment to choose from. j15-3t

CONFERS HONOR
ON W. A. BEARD

At a meeting of the California State Board of Trade, held yesterday in San Francisco, W. A. Beard, of this city, Secretary of the National Irrigation Congress, was appointed Secretary and Manager of the Board, says the Sacramento Bee.

He takes the place of A. R. Briggs, who was advanced to the position of President to succeed General N. P. Chipman, Chief Justice of the Third District Appellate Court, resigned. General Chipman gave up the presidency because of the press of other duties.

Secretary Beard was informed this morning by a Bee representative of the honor conferred upon him. He said he had not been notified of the appointment, and that the Bee's intimation was the first he has had regarding the action taken.

"I am pleased to hear I have been chosen," he said, in speaking about the matter. "I was aware that the vacancy was to occur, but did not know whether I would be selected or not.

"My appointment," he continued, "will not in any way interfere with my duties as Secretary of the Irrigation Congress, and I will not leave here for San Francisco until after the Congress has adjourned. The change of officers does not go into effect until October.

"When I do leave Sacramento it will be with decided regret. I have become attached to the city, and my work here, and dislike to think of leaving it. Still, the promotion is a considerable one, and I feel it is my duty to accept."

CLEAN UP AND DECORATE.

Merchants and residents on Grand Avenue are especially requested by the Fourth of July Committee to clean up their premises before July 1st; also that on the Fourth they display the American flag and decorate with National colors to the best of their ability.

JUDGE AND MRS. E. E.
CUNNINGHAM ENTERTAIN.

Wednesday evening, June 19, Mr. and Mrs. E. E. Cunningham entertained a number of their friends at a 6:30 dinner. The occasion was in honor of Mr. and Mrs. F. A. Cunningham, who had just returned from their honeymoon in Santa Cruz and other places. The table, which fairly groaned under its load of tempting viands, was artistically decorated with magnolias and white roses.

The evening was very pleasantly passed eating and joking. All present enjoyed themselves immensely and expressed their satisfaction of the royal manner in which they were entertained, wishing Mr. and Mrs. Cunningham the best of all that is good and hoping they might entertain often.

Those present were: Mr. and Mrs. Frank Knowles, Mr. and Mrs. Charles Iago, Mr. and Mrs. E. N. Brown, Mr. and Mrs. F. A. Cunningham.

PACIFIC JUPITER PLANT
AGAIN RESUMES WORK.

After a shut-down of some six weeks the Pacific Jupiter Steel Company again resumed business. The shut-down was caused by the general strike of the iron workers, most of whom have resumed work. The Pacific Jupiter is now running an "open shop," deeming it advisable for their business interests.

LOCAL HAPPENINGS TOLD IN BRIEF

Don't fail to attend "Confusion" to-night at Metropolitan Hall.

F. A. Martin was down from San Francisco Wednesday looking after property interests.

A. Seavers has been doing some painting in the Post Office, putting on the finishing touches.

A. V. Dutra has leased his nice new home on Grand Avenue and will soon move to Oakland.

J. J. Bullock was up Tuesday looking after the Ball case, which was up before Judge McSweeney.

C. C. Conrad, a well-known resident of South City, has returned home after a visit to Half Moon Bay.

Mrs. A. Neugebauer, who has been ill for a long time, was able to be down town Tuesday for the first time in many months.

J. L. Debenedetti, who has been confined to his room for the past few days, is again out, looking rather thin but still in the ring.

Mrs. George Cushing, of San Francisco, entertained the Euchre Club at residence of Mrs. W. J. Martin Friday afternoon last week.

C. L. Hughes, representing Bonestell, Richardson & Co., wholesale paper dealers, San Francisco, was in South City last Monday.

Miss Bonnie Wheeler, a former teacher in South City, left this morning for New York City, where she will enter a school of illustrating.

A valuable mare belonging to W. S. Taylor was kicked by a horse a short time ago so badly that blood poison developed, causing its death.

Word was received from Jos. Sartori of his departure from New York for Northern Italy, where he goes to spend the summer in the Swiss-Italian Alps.

Mr. Walker, of the San Francisco Call, was in town Tuesday. Mr. Walker is back on his old beat, with headquarters at Redwood City, and will visit this place twice a week.

The California Amusement Company has engaged Metropolitan Hall for the evening of July 2d, to give a moving picture entertainment. See regular notice for programme.

Miss Justine Dubois is now at her old position with the telephone company, having relieved Miss Lena Eikerenkotter, who is taking a much-needed vacation in Southern California.

John Benzing, assistant superintendent at the Fuller Paint Works, and Frank Lawlor, who left South City several days ago for Harbin Springs, have returned, accompanied by their wives.

The old car men were back on their runs Thursday morning, having been out since the first of May. Traffic is again resuming its old channels and the outlook of the labor world is materially improved.

While taking up some cattle running at large on the Peck tract, Poundmaster Sherman was attacked by A. Meyer. During the encounter Meyer was badly beaten over the head. A warrant was issued charging Meyer with interfering with an officer.

Mrs. E. Michenfelder, who is an extensive property-owner here, writes from the East that they have just had a snow storm and the weather is cold. Mrs. Michenfelder is spending the summer in the East visiting friends and taking in the Jamestown Exposition.

W. H. Dunbar, of San Francisco, has bought of the South San Francisco Land & Improvement Company lot No. 27 in block No. 101, together with the four-room dwelling house thereon. Mr. Dunbar is a first-class house and sign painter and will, about the first of July, remove to this place with his family and make his permanent home here.

The South San Francisco local union, No. 1638, of carpenters, at a regular meeting held on Tuesday, June 18th, passed a resolution imposing a fine of \$50 on members riding on cars of the United Railroads, one-half to be paid to the informer and one-half to the Carmen's Union.

Mr. and Mrs. F. A. Cunningham are home from their outing at Santa Cruz, where they very pleasantly spent the past ten days. Saturday night of last week the band boys were up and serenaded the newly-wedded couple. Mr. and Mrs. Cunningham are now at home at 552 Baden Avenue.

From the many loads of laundry that leave South City every week it occurs to this paper that this locality would be a splendid one for a modern steam laundry. Assurance has been made that the South City Board of Trade will offer special inducements to interest parties to start one here.

Notwithstanding the general depression the past few weeks, real estate values of South City and the surrounding peninsula remain firm, showing better than anything else the great faith our people have in this section. Holders of real estate are unanimous in the belief of higher values in the very near future.

No. 272 is the winning number. If the above number is not presented within fifteen days the winning number will be 1267. If either of the above numbers are not presented within twenty-five days the winning number will be 1677. For a handsome decorated dinner set. W. C. SCHNEIDER. j22-1t

MANY INQUIRIES FOR HOMES IN CALIFORNIA.

The eastern publicity bureau of the California Promotion Committee has been engaged during the last two weeks in securing the publication in eastern papers of articles showing San Francisco's progress. A reconstruction map has been circulated in the east in connection with this work.

Never since the establishment of the eastern bureau have there been so many enthusiastic interviews with San Franciscans published in New York.

Arrangements are being made for illustrated lectures at Atlantic City and Saratoga this summer. At both places there will be several conventions and the publicity work is expected to be doubly effective because of this fact.

Inquiries at the eastern bureau of Promotion Committee keep up. Particular interest is being shown in small farms in California. Most of the inquirers announce their intention to migrate here in the near future and make California their permanent home.

Among the Californians registered at the eastern bureau during the past week were the following:

James D. Phelan, W. J. Bartnett, C. D. Fredericks and wife, Walter U. Freidricks, Miss Ida Kummerlander, Dr. A. H. McNutt, J. J. Murphy, Jack L. C. Davis, C. Randolph, Miss Virginia Cranna and Wainright Randall, all of San Francisco; Christian Seyard, of San Jose; George W. Stewart, of San Diego; E. C. Bridgeman, W. E. Blote, H. C. Blote, Dr. O. T. Wilson, Mrs. O. T. Wilson, A. W. Rider, Walter D. Reed, Mrs. Walter D. Reed, M. O. Evans, Jr., Isabella Martin, John B. Martin, E. A. Harris, Mrs. E. A. Harris, all of Oakland; Dr. Fred P. Clark and James Bainbridge, Jr., of Stockton; H. K. Miller, of Los Angeles; M. Bonner, of Martinez; Mr. and Mrs. Halbert W. Chappel, of Stanford University.

NOTICE OF DISSOLUTION OF CO-PARTNERSHIP

The firm heretofore existing under the name and style of Fonda & Bauerle, doing a general plumbing business in the town of South San Francisco, County of San Mateo, State of California, is this day dissolved by mutual consent, Mr. George H. Fonda having purchased the entire interest of A. H. Bauerle in the concern.

Dated May 31, 1907.
G. H. FONDA,
A. H. BAUERLE.

BEGINNING OF THE END.

The orders issued by the street car strike leaders, a few days ago in San Francisco, that all members of the Carmen's Union should act as pickets and detectives has caused great dissatisfaction among the members of that Union, a majority of whom have a distaste for that kind of work. The ordering of the strike was ill-advised in the first place, at a time when San Francisco was in an unsettled state, endeavoring to recover from the effects of the great fire last year, and while the Grand Jury was probing into bribery scandals. While organized labor in general throughout the city is aiding the strikers financially, as it is obligated to do, there is a deep-seated feeling that the cause is lost. More people are riding in the cars every day. A strong point was made the other day by a member of the Carmen's Union, who, upon being asked why the throwing of missiles had stopped, replied that he thought the reason was that it was feared that some member of the thrower's family might be hit. At least one of the great dailies in San Francisco at this time should come out boldly, fearlessly and honestly, and state plainly the truthful facts in regard to the present condition of the strike and show to the great body of organized labor whether the leaders in this street car trouble are honest in keeping up the strike or whether there is a taint of politics in the whole thing. It is generally known that if there had been a secret ballot at the time the strike was declared there would have been no strike. We believe, honestly, that if a secret ballot were had now by the street car men themselves they would decide by a great majority to go back to work under former conditions. Something must be done at once to settle this strike, as it is keeping all business conditions in a chaotic state, and causing misery and sorrow among the families of the strikers.

SMELTER FUMES! Who smelt 'er? Why, Paul Pickney, scribe to the San Mateo Times. He smelt 'er in his mind, but not through his nose. It's a question if Paul is possessed of such a thing as a nose, or anything other than a very vivid imagination. The big fertilizer at the Western Meat Company's packing house has been making and discharging the vilest stinks and odors, on a wholesale scale for fifteen years, and during all the years the fastidious and sensitive Paul has been a resident of San Mateo only eight miles away, he has never smelt 'er.

Paul fights the smelter, not because he smelt 'er, but because—because—well, because it's a smelter.

THERE is no section in California with brighter prospects for investors than San Mateo county, and South City in particular.

It is with pleasure that the ENTERPRISE announces that its appeal to the people of South City to clean up their premises by removing weeds and rubbish is being responded to. A few have started on the good work, but this paper wants to see more, and it will keep prodding every week from now on until weeds and rubbish will be an unknown quantity in the business and residence sections of South City. It is very important that property owners have their lots cleared of dry weeds and burned before they become a menace to buildings. South City can be made a very picturesque locality with very little effort if we will all pull together.

THE San Mateo Times of June 15th devotes two and one-half columns of its front page to reprinting an article from the New York Tribune of May 12th upon the injury wrought Staten Island by the smoke, fumes and vapors from the factories and industries on the Jersey shore.

The Times, in big, black, double-leaded head-lines, fakes the Tribune article with "How Beautiful Staten Island Is Being Destroyed By Smelter Fumes."

As a matter of fact the Tribune article does not contain the word "smelter" in its entire length. It does speak of "the damage done by the factories in Bayonne." It speaks of "emanations from the industries over there."

It speaks of "smoke fumes and vapors."

It speaks of "vapor blasts from the industries on the Jersey Shore."

The only industry named in the article is the "Standard Oil," and the reference in that case is in the following words: "If the organization (the Anti-Nuisance League) with the Board of Health should be unsuccessful in bringing the Standard Oil and other concerns, that were a menace to the Island, to book, it was the intention to undertake individual prosecutions." If there is an ore smelter at Bayonne and smelter fumes injurious to homes and gardens, the Tribune article does not refer to either, directly or indirectly.

The Times must be in bad way when it adopts such tactics.

THE smelter fumes agitation is the proverbial "tempest in a teapot." When the substantial citizens of San Mateo and elsewhere, who represent the San Mateo County Home Protective Association, have gone through the declamatory and exclamatory stage of investigation, and reached the actual facts, something will drop, and we venture to predict that the original alarmists will be that something.

The question of possible injury from smelter fumes was thoroughly gone into by the great capitalists, who represent the South San Francisco Land and Improvement Company, at the time the Guggenheims were negotiating for a smelter site at this place. These gentlemen, owners of not only the townsite of South San Francisco, but of a great body of land fronting the Bay of San Francisco, comprising nearly 4000 acres, by careful inquiry and investigation, became convinced that there is not the slightest danger to any interest here or hereabout from smelter fumes.

Within sixty days this town will be within fifteen minutes of the heart of San Francisco, with a five-cent fare assured. The 1000 men who will man the smelters when completed will be a mere drop in the bucket compared with the many thousands who will come from the great city to find, found and build homes here.

This town would be the first and by far the greatest sufferer from smelter fumes in case of injury from that source. The men who own the great

body of land here would be the heaviest losers of all. These men are shrewd and able and would never have permitted the location at this place of an engine of destruction to make their lands a waste and their investments worthless. Neither would the Guggenheims place millions here simply to expend other millions in the way of damages.

This agitation will work its own cure. The investigation will satisfy the Home Protectors and every one else that the danger is purely imaginary.

PROCEEDINGS OF THE BOARD OF SUPERVISORS

G. W. Britton of South City Was Selected as Member of Board of Education.

G. W. Britton, of this city, was selected by the Board of Supervisors at its meeting last Monday as a member of the San Mateo County Board of Education, taking the place of W. J. Savage, who has been a member for many years. Supervisor Debenedetti made a hard fight for the retention of Savage, but was out-voted by the other members.

Bids for the reconstruction of the Court House, were received as follows: American Hawaiian Co.\$170,000 W. F. Hanrahan\$174,840 These figures exceed the estimate which the Supervisors had placed upon the work by upward of \$50,000. No action was taken on the bids, and another meeting will be held next Monday, in the hope that a solution of the problem may be reached.

In a communication the Women's Club of Burlingame asked the Board to put a stop to the illicit sale of liquor which they alleged was being practiced at that place.

The District Attorney was instructed to draft an ordinance by which it is hoped the status of all wholesale and retail liquor dealers in the county will be clearly defined, and in this way the object sought by the ladies will be accomplished, and if any one is evading the law they can be prosecuted.

The residents of the Vista Grande settlement north of Colma petitioned for a chemical engine for the protection of their homes from fire.

The Clerk was directed to write them to the effect that the formation of a Sanitary District would be the most advisable course for them to pursue.

W. J. Dingee desires to close a road leading westward from the vicinity of his home at Redwood and in return will give a better thoroughfare. The 22nd day of July was fixed as the date on which all interested parties may appear and be heard before final action is taken.

Supervisor Coleman was authorized to have plans prepared for a new concrete bridge on Barroilhet lane, near St. Matthew's School. The Burlingame Land Company has agreed to pay one-half the cost of the structure.

LABORER IS HURT BY CAR

Oscar Dudley Sustains Serious Injuries While Calling "Scab".

Oscar Dudley, a laborer working on the new county road at the foot of Grand Avenue, was struck by a packing house car last Wednesday evening and received a fracture of the skull which may prove fatal. He was removed to the Plymire Hospital where an operation was performed and he is now doing as well as could be expected.

Dudley, it is said, was in sympathy with the union carmen and would hurl epithets at the non-union men whenever the car would pass near where he was working. At the time of the accident he was standing near the side of the track and both he and the motorman believed there was plenty of room for the car to pass.

As the car passed, however, he must have stepped a little nearer the track in his excitement and was struck before the car could be brought to a full stop. Dudley was thrown several feet from the car. He was picked up by his companions and brought to the Hospital.

HIGHWAYMAN ROBS STAGE

**WEALTHY TOURISTS ROBBED
WHILE ON THEIR WAY TO
YOSEMITE VALLEY.**

**Masked Man Gets Money at the Point
of a Gun and Makes Rich Haul
—Women Terror-Stricken.**

Raymond, Cal., June 21.—Two hold-ups, the boldness of which recalls the wild days of Black Bart, occurred last night on the Yosemite stage line, when two coach loads of wealthy tourists bound for the Valley were robbed by a lone highwayman, supposed to be the notorious "Black Kid." The crimes were committed with the utmost audacity and the road agent, who has made his presence a terror in the locality, carried through his scheme without a hitch. He was well rewarded for his enterprise, for the passengers were stripped clean of their valuables and money.

Both stages were robbed in the same manner and at short intervals.

It was just after twilight that the first stage was stopped as it turned a lonely corner of the road that rises in a sharp ascent. A tense command of "Hand up, there!" was the first warning of trouble, and in the dusk the driver found himself looking into the barrels of a shotgun before he had time to lay his hands on the weapons that rested at his side. The marauder stood on rising ground to one side of the road. He wore a linen duster and his face was half concealed by a slouch hat pulled well down over his ears. As an additional concealment, his features were covered with a black mask cut away at the nose and eyes.

The horses were pulled back on their haunches with a jerk as the robber stepped nearer, with his gun still trained on the driver, some of the women started to scream. The passengers were warned that no harm would come to them unless they refused to obey quickly and silently. The driver was then ordered down from the box and told to stand, hands in the air, by the roadside. By this time the highwayman had shifted his gun under his left arm and drew a black-barreled revolver. The passengers were directed to line up with the driver and were arranged at intervals of about two feet apart, the women with the men.

The money and valuables of each were then demanded and as each victim fumbled about in his clothes the road agent kept a keen eye on the rest to see that no arms dropped. If any passenger carried his wallet in his rear pocket he saved it, for motions of the hands in this direction were stopped by the pressure of a pistol muzzle in the stomach.

When the masked man had filled the side pockets of his duster with coin and jewels he ordered the trembling line back into the stage, one by one. Swinging his gun again to his shoulder, he told the driver to climb to his box and lash his horses as hard as he could swing his whip.

As the team galloped away the robber remained standing in the middle of the road, with leveled weapon, until the coach disappeared in the darkness of the next turn.

At the first halting place report was made of the outrage. From the descriptions furnished by the frightened passengers the man appears to be the same one who has committed three robberies this season on the same route, though none so bold and successful as this. A posse was immediately organized to run down the outlaw, but a reconnoiter around the scene of the crime failed to reveal any sign of the fugitive.

A telegram was sent to Governor Gillett at Sacramento, setting forth the facts and asking that he offer a substantial reward to hasten the man's capture.

So live that you can march up to the mirror and look yourself squarely in the face without winking.—Dallas News.

PUBLIC LAND PROBLEM

**LAST DAY OF INTERSTATE CON-
VENTION CALLED BY GOV-
ERNOR BUCHTEL.**

Denver, June 21.—Yesterday was the last day of the interstate convention called by Governor Buchtel of Colorado for the purpose of discussing public land problems. In consequence of the controversy which arose Wednesday over the basis of representation and method of voting, the report of the committee on credentials, which was sent back to the committee for revision, remained to be acted upon. It had been agreed upon that to each State represented will be given ten votes, and to each Chamber of Commerce or other recognized commercial organizations five votes.

The convention has been remarkable in that its discussions have been almost entirely confined to criticism of the National Administration's policy of handling the public lands. James R. Garfield, Secretary of the Interior, and R. A. Ballinger, Commissioner of the General Land Office, were heard on the first day, but since then there has been but one address in support of the Administration. Conservatives, however, declare that the two sides to the controversy are really not far apart, as both contend they are striving for changes in the present policy that will make it easier for new settlers to acquire home sites and become an integral part of the great region lying west of the Mississippi river.

Low Rates Denied Army and Navy.

Chicago, June 21.—The Transcontinental Passenger Association yesterday granted low rates to the Irrigation Congress at Sacramento in July. The most important of the day's proceedings was the withdrawal from all Eastern railroads of the right to sell reduced rate tickets to California, except to railroad employees and members of a dependent family and clergymen and missionaries, but not their families. This will exclude army and navy employees, Indian school teachers and all others who have heretofore enjoyed reduced rates.

Jury Denounces Dead Man.

Astoria, Ore., June 21.—The Coroner's jury which investigated the killing of Cleve Jennings Friday last by J. H. Bowlsby of Marshfield, last night returned a verdict in which Bowlsby was exonerated and Jennings denounced. The jury recommended that Bowlsby be released from custody. Bowlsby, who confessed to shooting Jennings, will be held pending a hearing by a justice court.

Honor President Wheeler.

New York, June 21.—The Sons of the University of California Club gave a dinner last night at the Hotel Lafayette in honor of President Ide Wheeler of the University of California. The dinner was in celebration of the refusal of President Wheeler to leave the university and accept the presidency of the Massachusetts Institute of Technology. President Wheeler addressed the diners.

Falling Rocks Cuts Train in Two.

Louisville, June 21.—A passenger train on the Baltimore & Ohio Southwestern was cut in two by a falling rock in a tunnel near Mitchell yesterday. Seventeen persons were injured, four of them seriously. The train left St. Louis for Cincinnati Tuesday night.

Banks Take All the Bonds.

Seattle, Wash., June 21.—Seattle banks will buy the \$2,250,000 issue of bonds to be issued by this city for the extension of its Cedar River water supply.

Seattle to Drive Out Bucket Shops.

Seattle, Wash., June 21.—The police closed the place of business of the International Construction Company last night on the ground that it is a fraudulent concern, and took similar action against Downing, Hopkins & Co., proprietors of a broker's office.

Chief Wapenstein notified the latter that bucket shops would no longer be tolerated in Seattle.

GOUNT AOKI LOSES FAVOR

**PRESIDENT ROOSEVELT IS OF-
FENDED AT DEMAND FOR
INDEMNITY FOR JAPS.**

**Secretary Root Is Tired of Ambassa-
dor's Persistence in Regard to
San Francisco Affair.**

Washington, June 21.—Viscount Aoki, the Japanese Ambassador, has incurred President Roosevelt's displeasure because of his lack of delicacy and discretion in conducting the negotiations relating to the San Francisco attacks on Japanese.

Aoki's recall is due to three things: Being out of pleasure with President Roosevelt; marrying a German woman (which made him unpopular in his own country), and not getting full social recognition from the members of the diplomatic corps here.

Before President Roosevelt left for Oyster Bay, the Japanese Ambassador talked with him about the attacks on Japanese in California and about the destruction of their property. Aoki diplomatically hinted that the United States should pay indemnity to Japan for the San Francisco mob's outrages. President Roosevelt remained silent and mistaking this silence for acquiescence in the suggestion, the Ambassador made a definite proposition that the United States pay an indemnity.

There was no mistaking the President's attitude then. He forcibly expressed disapproval of the proposition and dismissed the Ambassador with the advice to conduct his negotiations in future with the State Department.

Secretary Root was informed of the incident and immediately changed his demeanor toward the Japanese Ambassador. Since that time the intercourse between the two men has been cold and formal, only official matters being discussed when they meet. Previously Secretary Root had been somewhat impatient with Viscount Aoki because of his persistence in pressing trivial matters.

When the Ambassador made his indemnity proposition to Secretary Root he was told that Japanese have no more rights than American citizens have. The only redress Americans have in such cases is to resort to the courts and sue for damages. At the same time the Federal Government urged the Governor of California to give ample police protection to the Japanese. This is now being done.

Robbed Graves to Get Revenge.

Yuma, Arizona, June 21.—Found guilty of throwing dead men's bones upon her neighbor's porch, Mrs. Trinidad Mazzi yesterday was fined \$60 by Justice Redondo.

Mrs. Muzzi and Mrs. Francisco Gomez quarreled and Mrs. Gomez arose yesterday morning, to make the greswome find of bones strewn with red chill over her porch. Whose grave was robbed to supply materials for the ghoulish revenge is not known. Mrs. Muzzi stoutly maintains her innocence and has appealed.

Cleveland's Health Much Improved.

New York, June 21.—Advices from Princeton, N. J., announce that ex-President Grover Cleveland last night passed the danger point of another serious attack of sickness. He had been perilously ill for some days. The crisis has now safely passed and Cleveland's recovery is looked for. Cleveland was stricken just after the beginning of the commencement at Princeton University. The attack was diagnosed as stomach or intestinal trouble.

Five Killed in Wine Growers' War.

Paris, June 21.—An excited debate was held in the Chamber of Deputies today over the protests against the vigorous measures the Government has adopted in suppressing the wine-growers' revolt and arresting leaders. Reports show that five were killed and 200 injured in rioting at Narbonne, the center of rebellion.

A GREAT UNDERTAKING

**NEW YORK'S GREAT NEW AQUE-
DUCT IS BEGUN, AND WILL
COST \$162,000,000.**

New York, June 21.—With a small trowel yesterday Mayor McClellan turned a sod of earth among the hills two miles back of Peekskill-on-the-Hudson River, and by this act he began the great undertaking which will cost \$162,000,000 and will eventually furnish Greater New York with 800,000,000 gallons of water daily, besides the amount available from the Croton and other present sources of supply.

From the small and simple beginning by the Mayor will in time be constructed the Catskill Aqueduct, 150 miles long, which will connect the Ashokan reservoir in the Esopus valley with every borough of this city, including even Staten Island. The preliminary work of surveying for the gigantic excavation has reached such a stage that the construction of the reservoir can be pushed with speed. These preliminaries have taken up about two years.

A large party of city officials, including the Mayor, left yesterday for Peekskill by steamer.

The aqueduct will have a channel height of seventeen feet. It will wind among hills and across gorges in the heart of the region immortalized by Washington Irving and will pass under several creeks. It will descend more than a thousand feet to cross 650 feet underneath the bed of the Hudson. The line it will follow upon reaching the Bronx at Yonkers will be under the upper East River, under Brooklyn and finally under the Narrows to Staten Island.

The engineering problems involved in building the aqueduct under the Hudson will be the most difficult the engineers will have to face. Estimates vary as to when the system will be completed. The year 1930 is generally fixed upon as the date. It is probable some part of the supply will be available before that. The city authorities view this question largely from the side of New York's growth in population, and they estimate that by 1930 this city will number 7,000,000 souls, using daily one billion gallons of water, part of which will be supplied by the Croton system.

To Aid the Poor With Annuities.

Sydney, N. S. W., June 21.—On the eve of socialistic legislation, more paternal than even Australia has hitherto known, Premier Carruthers today announced the plans for the next session of Parliament. The program embraces pensions for invalids, subscriptions to friendly societies and the establishment of a system whereby the poorest persons may purchase annuities. There is little doubt that the proposals will be adopted. The annuities will be arranged by applicants opening accounts in the Government savings banks and their deposits, by the aid of Government subsidies, will draw special rates of interest.

200 Die in Flood.

Athens, Greece, June 21.—Two hundred lives have been lost in a disaster at Trikalad, a town of Thessaly, caused by the overflowing of the river Lithaide. Hundreds of houses in the town and along the banks of the river in its vicinity were washed away, carrying the occupants into the river.

Grave-digger Strikes Rich Gold Vein.

Sydney, N. S. W., June 21.—An accidental discovery by a grave-digger has started a gold rush to Ballarat. While digging a grave in the cemetery there the workman struck a vein of gold-bearing rock nineteen inches thick. Prospectors have already pegged many claims around the cemetery.

Sorrow.

"Herr Huber, come home immediately. Your wife has suffocated herself with gas." Huber—Heavens! There'll be a nice gas bill to pay!—Wiener Salonblatt.

His Inference.

Marks—Say, old man, did I ever tell you about the awful fright I got on my wedding day? Parks—S-sh! No man should speak that way about his wife.—Boston Transcript.

LAKE TAHOE IS RAPIDLY RISING

**MELTING SNOW AND HEAVY
RAINS CAUSE LAKE TO RISE
AN INCH EACH DAY.**

**Estimated That \$40,000 Damage Has
Already Been Done by The
Melting Mountain Snows.**

Reno, Nev., June 21.—Unusually heavy rains falling in the mountains during the last few days and melting the snow have caused Lake Tahoe to rise nearly two feet. Forty thousand dollars damage has been done to the resorts along the shores and all efforts to prevent loss have met with failure. The water is said by tourists to be rising at the rate of an inch a day and before the climax comes the old timers in the mountains believe the lake will reach a stage that has never been recorded before.

At the Tavern the pier and boat-house have been nearly swamped. McKinney's and Glenbrook, as well as the resorts on the northwest shore have suffered from the rise. The Truckee river outlet to Lake Tahoe is not large enough to let the overflow out. Even though an enormous body of water is now being carried down the Truckee to Pyramid lake, the residents here do not fear an overflow along the banks.

To Open Reservation in Nevada.

Reno, Nev., June 21.—Pyramid Lake Indian Reservation, situated forty miles east of here and containing highly mineralized lands that have never been prospected by whites and a vast acreage of the most fertile soil in the State, is to be thrown open to settlement as soon as the allotments to the redskins are received at Washington.

The Department of the Interior at Washington has been acting with secrecy in the Pyramid Lake matter, as it did with the Walker reservation last year. It is expected that the order to throw the lands open to settlement will be issued without the usual procedure.

United States mineral surveyors stated here yesterday that armed troops will guard the entrance and borders of the Pyramid Lake reservation the week before the opening, to prevent men from locating mining claims there hours before the rush signal is given.

Want Churches to Grant Divorces.

Seattle, Wash., June 21.—The Rev. M. A. Matthews, one of the leading divines of Seattle, yesterday declared in favor of exclusively placing the power of granting divorce either in the hands of the church or the Federal Government, preferably the former.

"I would give the church the power to grant divorces where it sees that an annulment of the marriage ties is necessary," he said, "or centralize the power in the Federal Government. It is a hideous reputation we are acquiring, and I know of no way that it can be corrected except by completely changing the laws. The law now in the statute books seem to me to have been framed for the express purpose of encouraging divorce."

Pitched From a Mower.

Santa Rosa, Cal., June 21.—John Strong, a well known pioneer of this section, was seriously hurt while driving a mowing machine on his Bennett Valley ranch. While crossing a small ditch with the mower Mr. Strong was pitched from the seat and struck on his shoulder. The shoulder was dislocated and some severe bruises were suffered in the fall.

Will Not Recognize Dr. Garte.

Washington, June 21.—Secretary Root has declined to grant the request of Dr. Angel S. Garte to be received at the Department as the diplomatic representative of the Honduras Provisional Government, which amounts to a refusal to recognize that Government at this time.

FRATERNAL ORDERS

We live in the age of fraternities and never before in all the existence of this country has the spirit of good fellowship stood out more prominently than it does to-day. Never before have manly men been so numerous. Never before have so many stood up for the right as at this hour, and we believe the cause of this is due, to a great extent, to the increasing tide of fraternalism, which is higher than ever before. Fraternity stands for the advocacy of those things that are beautiful and wholesome and that tend to higher thinking and higher living. Of course, it is a part of the work of the various orders to pay benefits to the sick, help the distressed and aid the widow and orphan. But, even above these, are the social, educational and other uplifting features that strengthen and exalt the mind and heart, that put sunshine and ambition and hope into the lives of those who experience the real purpose of fraternalism. Men have not become perfect, but even yet retain many of the common frailties to which humanity is subject. The work we have to do is to cultivate the progressive spirit, the patriotic spirit—it makes us good men, and good men are the salt of the earth. May it be ours to unite for the influences that give pleasure and increase happiness, that enoble and uplift, that those outside the orders may appreciate the value and beauty of those organizations that draw men's hearts together in bonds that cannot be broken.

The directors of the Fraternal Hall Association are pleased to announce that all necessary papers have been signed and first payment made for the purchase of a lot 50x140 on which a fraternal hall will be erected for use of the various orders interested. Plans will be drawn up at once and a building erected that will be the pride and joy of fraternalists of South City.

The Fourth of July will be a red letter day with all fraternal orders in South City. In the various meetings it is the one day you hear about. The floats! All have ideas about them, and we are prepared to say that no such structures have been seen before at any celebration in this or any other county in California. These alone will be worth coming miles to see. With favorable weather there is no doubt the celebration will be largely attended and prove a great success, to the glory and honor of fraternalism and South City Board of Trade.

THAT HAY RIDE.

Saturday last, a beautiful night, a jolly crowd, sparkling wit, fun galore, a delightful repast at midnight as "the clock was striking the hour," the songs sung on that early morn, the glow worm with its sparkling lamps lighting up the scene, the notes of a nearby nightingale, who, seemingly for our benefit discoursed his midnight song, or perhaps was telling his mate of his love, causing a quiet hush to fall on the crowd, then, athwart the cloudless sky a flash of light appeared reminding all that morning was near—then it was that Princess Pocahontas informed the prisoners that they had better be gone.

Al. Kauffmann, you was the cause of these doings—yours the team, the wagon, the hay. At your invitation we took possession of the same, and a delightful time it was. The team had all it could handle in taking the liquids and solids, also Misses B. Massiot, Mary McDonald, Lizzie McDonald, Emma Guerra, Hazel Dean, Hattie Sheehan, Mollie Ward, C. Davis; Messrs. M. Guerra, Al. Kauffmann, George E. Keissling, John Guerra, Henry Kneese, F. Edwards, Harry Edwards, Jason Wright.

UNFAMILIAR FACTS.

Cabbages in Cuba grow to such size that a single head often weighs twenty pounds.

The woods of New South Wales are so varied as to meet the world's needs. In Belgium 70 per cent. of telegraph messages are delivered in from one to fifteen minutes.

Crystal, melted and electroplated, has been successfully used in France to counterfeit gold coins.

REDWOOD CITY
NOTES IN BRIEF

The grammar school closed on Friday for a seven weeks' vacation.

Mrs. Koyl of Kansas City, Missouri, is visiting her sister, Mrs. J. L. Pipkin.

Mrs. S. Furgeson of Minneapolis will spend several months with her mother, Mrs. E. J. Mureh.

Frances Taylor entertained a number of her young friends on Saturday last, it being her twelfth birthday.

The ladies of the Congregational Church are making preparations for a Fair to be held in September or October.

Will Bement and wife, also Will Price and wife, are on a ten days' auto tour through the central part of the State.

Miss Ida Lasswell left last Saturday for Panama, where she has been appointed head nurse in the Government Hospital.

Miss Nellie Sampson is spending the week by the seaside, having accompanied her friend, Mrs. Lord, of San Carlos, to Santa Cruz.

It is quite a satisfaction to our people that one of our faithful teachers, Miss Sallie Nelson, was one of the winners in the contest given by the ENTERPRISE.

The Euchre Club, consisting of twelve ladies, enjoyed an outing last Wednesday, visiting San Jose and Alum Rock. The club will not meet again till next winter.

Several skulls were found on the Sweeney Tract where grading is being done for the Dumbarton road. It is supposed the tract was an old Indian burying ground.

A pleasant surprise party was tendered Miss Moore on Thursday last, by her pupils of the eighth grade. All the teachers were invited and all had—needless to say—a good time.

John H. Sears, one of the oldest residents of the county, died at his home at La Honda, on Tuesday last, of pneumonia, at the age of 84. The funeral was from the Congregational Church on Thursday, and the interment at Union Cemetery.

The young people of Redwood are preparing an entertainment, which they will give at Woodside on Friday for the benefit of the Woodside Chapel. The play is entitled "Mr. Bob" and selections of music will be rendered between acts, and refreshments served at the close.

Bart Sheehan, Jr., and Mary A. Darcy, of San Jose, were married last evening at Mt. Carmel Church. It came as quite a surprise to their many friends. Mr. Sheehan is stenographer for the Western Meat Company at South City and will probably reside at that place.

A kitchen shower was given to Miss Fannie Crowe last Saturday afternoon at the home of Mrs. Hayden. A dainty luncheon was served by Mrs. Hayden, covers being laid for fourteen former schoolmates of Miss Crowe, who took this method of manifesting their interest in the young lady's affairs.

Mrs. Sarah P. Snow, one of the pioneer residents of Redwood, died on the 12th at the "Crocker Home" in San Francisco. Mrs. Snow had been an inmate of the Home for the past three years. She had been in poor health for some time, and her friends were not surprised when the summons came. Mrs. Snow was a native of Massachusetts and was nearly seventy-eight years of age. She was buried at Cypress Lawn by the side of her husband and daughter.

Schools to Close Soon.

School will close next week, when our teachers will take their much-needed vacation in their homes and different resorts. Miss Etta Naumann, who won the ENTERPRISE contest, will spend her vacation at El Carmelo by the sea.

At the opening of the fall term the new school building will be completed and occupied for school purposes.

NOTICE.

Applications will be received by Adolph Jacobs, President of the South City Board of Trade, for the position of permanent night watchman of South City.

Palo Alto May Join

San Mateo County

A dispatch from Palo Alto dated June 19th says: Because the supervisors of Santa Clara county refused to comply with the wishes of the promotion committee in aiding a much needed improvement, Mayor J. F. Parkinson suggested at a gathering last night that Palo Alto should secede and join forces with San Mateo county pointing out the small amount of attention the town had received at the hands of the county officials. Parkinson told the members of the promotion committee and others present that more county aid was due to Palo Alto, and that if it were not offered by the county it might not be difficult to obtain better results if the town were annexed to San Mateo county.

The friction arose over the failure of the county officials to aid in building a road along the bank of the San Francisco creek, which marks the county line as well as the town line of Palo Alto. It is the wish of the majority of Palo Alto's people to have the creek channel surveyed and dredged and a road built to enable garbage drivers in disposing of the refuse of the town.

The question of secession is one of long standing in the minds of progressive Palo Altans, as the residence district has already reached the Santa Clara boundary line, while on the opposite bank a park extending the entire length of the town limits has been donated from the Hopkins estate. To acquire this property under the charter as a Santa Clara county town is puzzling legal minds at present and has brought to their attention more than ever the feasibility of changing the town's allegiance to another county.

Marble deposits in New South Wales are the finest in the world.

An enterprising American has begun to manufacture cement tombs.

Cohen Disposes of all
Directories of South City

M. Cohen, manager of the Directory Publishing Company, was in town Friday closing out his business here and delivering the few directories he has left after the large sale he had of them last week.

The directory is complete in every way and gives much satisfaction as well as business comfort to the business men of town. It is filled with many halftones of scenes about South City and the binding and paper is of such character as to be of service for several years. The book was printed in the office of South City Printing Company.

Cohen understands his business thoroughly and the ENTERPRISE can recommend him to other cities as a thorough directory man.

School Census Completed

County Superintendent of Schools Ray W. Cloud has completed his census report of the school children of San Mateo county, and it shows an unusually large increase. Of children between 5 and 17, last year's report showed 3,828, and this year 4,341; a gain of over 500. Under five years of age last year, 1,449, and this 1,547.

The report shows a large gain in adults as well, as last year the children represented 1,983 families, and this year 2,423 families are represented.

Monkeys are remarkably keen of sight, but deficient in sense of smell.

Samoa exported, in 1905, twenty-seven and one-half tons of cocoa beans.

A cottonwood tree recently cut in Mississippi contained 4800 feet of lumber.

Peat artificially dried is being made into wood under heavy hydraulic pressure.

To Manufacturers

The earthquake did but little damage to South San Francisco. The industries located here, the Western Meat Company, the Wool Pullery, the Butler Brick Company, the Pacific Jupiter Steel Company, the Steiger Pottery Works, the W. P. Fuller White Lead Works, and other enterprises, are all in full operation to-day. Not one of them having suffered any serious impairment by reason of the earthquake.

The South San Francisco Land and Improvement Company planned South San Francisco as a manufacturing suburb of San Francisco. With that object in view they originally purchased 3500 acres of land in San Mateo county on the bay front five miles south of the City of San Francisco, and have developed their property so that to-day they possess perfected nearly every feature desired by manufacturers.

SOUTH SAN FRANCISCO

Is a railroad terminal; it is on the main line of the Southern Pacific Railroad and accessible to all railroads; has deep water communication; owns and operates for its industries, a railroad connecting with the Southern Pacific and the water front; has electric street car service from factory to town and direct to San Francisco; has an Electric Light and Power Company; owns an independent water works, and has an abundance of fresh water for factory and house; has wharves and docks; a perfect sewerage system; a bank; a town hall; and a population of 3000 people; an extensive and fine residence district, where workingmen may secure land at reasonable prices and on favorable terms, as homes for themselves and their families.

FACTORY SITES

Can be obtained from the South San Francisco Land and Improvement Company on most reasonable terms.

The American Smelting and Refining Company recently purchased from this Company 200 acres of land and are on the ground to-day arranging for the immediate construction of a plant costing upward of \$5,000,000. This means a vast increase in population, and a great augmentation for the benefit of all industries of every detail pertaining to rail and water communication.
